

trip reservations

early reservations are highly recommended as some tours require adequate preparation time. also, keep in mind that during the peak months of july and august the local service providers and staff members are difficult to book (bookings on short-term basis often demand a higher price). we therefore appreciate an advance booking of minimum two months before you embark to your ladakh tour.

are you a frequent traveler, trekking enthusiast or mountaineer? is it the first time you are travelling in this altitude? please note the answers, your selected tour and the dates in a mail and send it to us. the offer, along with the individual tour program, the pricing and terms & conditions will be sent to you as soon as we have all needed data.

once the trip has been discussed and confirmed, we require an advance payment of 50 % of the total tour amount to block your booking on a definite basis (bank transfer). after receiving the advance payment, we will send you further documents related to your trip, such as preparatory hints and some background data.
